Note:

All final inspections will be conducted using the condition report relating to the condition of the premises at the commencement of the lease.

- To assist in a speedy bond refund, Fitzpatricks require the property to be returned in the same condition, if not better, than what was given.
- Particular attention needs to be given to windows, window tracks and light fittings.
- Lawns and edges are to be freshly cut and edged, weeds in the garden beds removed, and all rubbish and grass clippings removed also.
- Under no circumstances should you patch walls where picture hooks have been placed. If this occurs you could be up for a full paint of the affected areas. If you do choose to patch, the full wall needs to be painted in the right colour, rolled and patched correctly to pass inspection.
- If you have hired a cleaner directly, please ensure you check the work. If any items are highlighted by our office as missed, it is up to you to contact the cleaner directly to resolve, not Fitzpatricks.
- We encourage a tenant to attend the final inspection with a bucket and wipe cloth so that any minor items found can be resolved on the spot.

If you have any further queries or need to seek advice about your pending final inspection, please don't hesitate to contact your tenancy manager by email at *their first name@fitzpatricks.au*
